Tools	Git, GitHub, NPM, Yarn, Vite, Postman, Figma, Unit Testing, Vercel, Firebase
Soft Skills	Troubleshooting, Problem Solving, Decision Making

PROJECTS

E-Commerce Website [Link](#)

- Built a fullstack e-commerce website using **MERN Stack (MongoDB, Express, React, Node.js)** and **Stripe** for payment integration.
- Developed robust user authentication and authorization with JWT and role-based access control.
- Implemented product management, shopping cart, and order functionalities.
- Integrated Stripe for seamless payment processing and order tracking.

Blog Application with Admin Panel [Link](#)

- Developed a blog application using **Next.js, MongoDB**, and **TypeScript** with an admin panel for managing posts and content.
- Integrated Axios for data fetching and dynamic blog post rendering.
- Implemented admin authentication for secure post management and content updates.
- Used Tailwind CSS for responsive and modern UI design across devices.

Movies App [Link](#)

- Developed a Movies App using **React, Redux Toolkit, Tailwind CSS**, and **Firebase**.
- Implemented Firebase Authentication for user sign-in and sign-up functionality.
- Designed a dynamic and responsive UI similar to Netflix using Tailwind CSS.
- Utilized custom hooks and Redux to fetch and manage movie data efficiently.

News App [Link](#)

- Created a news application using **React and TailwindCSS**.
- Utilized the NewsAPI to fetch and display the latest news articles.
- Focused on providing a clean and user-friendly interface for better user experience.

TECHNICAL TRAINING / CERTIFICATIONS / ACHIEVEMENTS

- Responsive Web design - Free code camp 2023 - [View Certificate](#)
- JavaScript (Basic, Intermediate) - Hacker Rank 2023 - [View Certificate](#)
- ReactJs (Basic, Intermediate) - Hacker Rank 2023 - [View Certificate](#)
